# INDEPENDENT AUDITOR'S REPORT TO THE OFFICERS OF NATIONAL INFORMATION SERVICES AGENCY

## Report on the financial statements

We have audited the accompanying financial statements of **National Information Services Agency** which comprise the Statement of Financial Position for the year ended 31 December 2010, the Income Statement and the Statement of Cash Flows for the year ended and a summary of significant accounting policies and other explanatory notes.

## Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the generally accepted accounting standards applicable in Seychelles and with the requirements of the National Information Services Agency Act, 2010. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

## Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

## Report on the financial statements (Continued)

#### Opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Agency as of 31 December 2010, and of its financial performance for the year then ended in accordance with the generally accepted accounting standards applicable in Seychelles.

### Report on other legal and regulatory requirements

26-1-12-

- We have no relationship with or interests in the Agency other than in our capacities as auditors and dealings with the Agency in the ordinary course of business.
- We have obtained all the information and explanations we have required.

In our opinion, proper accounting records have been kept by the Agency as far as it appears from our examination of those records.

#### NOTES TO THE FINANCIAL STATEMENTS

## 1. GENERAL INFORMATION

The Organization was enacted by the President and the National Assembly under the National Information Services Agency Act 2010 (Act 4 of 2010).

The Organisation's main object is to establish and operate facilities for the collection and distribution of information which include compiling, printing, producing and distributing the Seychelles Nation Newspaper.

#### 2. BASIS OF PREPARATION

The financial statements which have been prepared under the historical cost convention are presented in Seychelles Rupees (SCR).

### Statement of compliance

The financial statements of **National Information Services Agency** have been prepared in accordance with Generally Accepted Accounting Standards applicable in Seychelles.

## 3. INFORMATION ABOUT KEY SOURCES OF ESTIMATION UNCERTAINTY AND JUDGEMENTS

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future.

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### a) Plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Organization adds to the carrying amount of an item of plant and equipment the cost of replacing parts of such an item when that cost is incurred if the replacement part is expected to provide incremental future benefits to the Organization. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to operating expenses during the period in which they are incurred.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

## 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### b) Trade receivables

Trade receivables are recognised initially at the transaction price. They are subsequently measured at amortized cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Organisation will not be able to collect all amounts due according to the original terms of the receivables.

### c) Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

#### d) Provisions

Provisions for restructuring costs and legal claims are recognised when: the Organisation has a present legal or constructive obligation as a result of past events; it is probable that a transfer of economic benefits will be required to settle the obligation; and the amount can be reliably estimated. Restructuring provisions comprise lease termination penalties and employee termination payments. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

### e) Trade payables

Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

#### f) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Organisation and the revenue can be reliably measured.
